AUGUST'S NAVY CASH SAILOR OF THE MONTH

LTJG Toner of the USS BARRY (DDG 52) has done an outstanding job managing the Navy Cash office aboard USS BARRY. He runs an impressively flawless operation due to his technical knowledge of the system and customer oriented work ethic. His accountability is always balanced to the penny, and he maintains an inventory of all Navy Cash equipment with 100% accuracy. LTJG Toner operates his Navy Cash office solo yet keeps the crew of the BARRY extremely pleased with his customer service and Navy Cash knowledge. During a recent service call, L-3 commented on the phenomenal job LTJG Toner does which is no surprise to us. LTJG Toner has done a superb job and is worthy to be named as Navy Cash Sailor of the month for August 2010.

He aggressively corrects negative balances and streamlined the enrollment process ensuring new check-ins are enrolled and issued temporary cards immediately. Navy Cash[®] Flash 10-015

1 July 2010

Purpose: Procedural Change for Afloat Official Mail Managers (OMM)

The Navy Cash Program is creating a new merchant assigned as Official Mail Manager and sending to all ships to utilize for holding and spending these appropriated funds. This change is replacing the present method of using visitor cards and will allow for better control and accountability of these funds.

In accordance with Department of Defense Instruction (DODI) 4525.08 the assigned Official Mail Manager is responsible for supervision of mailing practices, reporting misuse of official mail, and establishing controls on postal expenditures.

The OMM will be required to sign for this Navy Cash card and be responsible at all times for the card and funds during their assignment. They will additionally be responsible for ensuring that accountability is transferred to the incoming Official Mail Manager by obtaining a new signature or transferring the card to the Disbursing Officer if unable to transfer to the newly designated OMM. Note: OPNAVINST 5218.7B prohibits postal personnel who are performing postal duties from being designated OMMs.

The Navy Cash Standard Operating Procedures will be updated to reflect this change.

ATTENTION: DISBOs / ASUPPOs,

Recently a short survey was emailed to all Navy Cash ships. This survey will help us to understand the challenges you face in operating and maintaining the Navy Cash system, as well as some of its positive points. Your feedback is VERY important to us, and serves as our primary compass for future improvements. (Please share this survey with your Disbursing PSs and IT specialists).

FYI, based on past feedback, we made several key improvements. For example, we instituted ACH auto-representation to lessen the burden of manual collections. We also added more hands-on to the BQC curriculum, which once was limited to only PowerPoint slides.

Please respond NLT 5 NOV, via any of the following means:
